**Hi Yeti....**

**I have a lot to be thankful for this holiday season. And as I was thinking about the people I am very thankful for, your name was very prominent among them.**

**I wanted to send you a small something just to let you know that I was thinking about you and how grateful I am for all the wonderful help you have given me. I always knew that if we had a task to do, I could relax in the assurance that you and your team would handle it in the most competent and thorough way. I have been in business for many, many years, and during that time I have worked with many attorneys and other professionals. I cannot think of one who consistently has given me as much quality assistance in such a timely manner.**

**You have spoiled me, Yeti !! And you should be proud of it !! Where, oh where, will I ever find another team with the same, unique Sherpa Spirit ?!!**

**Thank you so very much for all that you have done !! You made my life a great deal easier and less stressful. I can only hope that I may find other associates like you in the future. But....I expect I will find few, if any, who will be as good and delightful as you. You were always so marvelously pleasant to deal with....and that goes for your terrific office team as well. And we all know that a good team is only as good as its leader.**

**You may have some of the enclosed. I wonder if something so obvious could have been missed either by you or by others who presented you with gifts. If you don't have any of these, then it's time you did. If you do, I hope they will provide a nice addition to your collection. :)) In either case, I hope you will enjoy them with the knowledge they come with a grateful heart.**

**With sincere regards and deep gratitude,**

**Keith Kelley**
